#### JACKSON PARISH SHERIFF

P. O. Box 303 Jonesboro, LA 71458-0303

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

Within this section of the Jackson Parish Sheriff's (the Sheriff) annual financial report, the Sheriff's management is providing this narrative discussion and analysis of the financial activities for the fiscal year ended June 30, 2012. The Sheriff's financial performance is discussed and analyzed within the context of the accompanying financial statements and disclosures following this section.

#### FINANCIAL HIGHLIGHTS

The Sheriff's assets exceeded its liabilities (net assets) on June 30, 2012 and 2011, by \$10,873,671 and \$9,337,083, respectfully. Total Net Assets are comprised of the following:

	June 30, 2012	June 30, 2011
Capital assets, net of accumulated depreciation	\$ 591,316	\$ 586,581
Unrestricted net assets which represent the portion available to maintain continuing		
obligations to citizens and creditors	10,282,355	8,750,502
	\$ <u>10,873,671</u>	\$9,337,083

#### GOVERNMENT-WIDE FINANCIAL STATEMENTS

This report consists of a series of financial statements. The Statement of Net Assets and the Statement of Activities provide information about the activities of the Sheriff as a whole and present a longer-term view of the Sheriff's finances. These statements tell how the services were financed in the short-term as well as what remains for future spending.

#### FUND FINANCIAL STATEMENTS

A fund is an accountability unit used to maintain control over resources segregated for specific activities. The Sheriff uses funds to ensure and demonstrate compliance with finance related laws and regulations. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources at the end of the year. As the Government-wide Financial Statements includes the long-term view, comparisons between these two views may provide insight into the long-term impact as short-term financing decreases. Both the governmental fund balance sheet and the governmental fund operating statement provide a reconciliation to assist in understanding the difference between these two views.

Fiduciary funds are reported in the fund financial statements and report taxes collected for other taxing bodies and deposits held pending court action. The Sheriff reports these as agency funds.

#### OTHER INFORMATION

In addition to the basic financial statements and accompanying notes, this report also presents Other Required Supplementary Information consisting of a comparison of budgeted revenues and expenditures to actual revenues and expenditures.

#### FINANCIAL ANALYSIS OF THE SHERIFF AS A WHOLE

Over time, as year-to-year financial information is accumulated on a consistent basis, changes in net assets may be observed and used to discuss the changing financial position of the Sheriff as a whole.

#### **CAPITAL ASSETS**

The Sheriff's investment in capital assets as of June 30, 2012 is \$591,316 (net of accumulated depreciation). This investment in capital assets includes office furniture, radios, vehicles and buildings. The Sheriff's major capital assets are vehicles. Additional information on the Sheriff's capital assets can be found on pages 24 and 25 of this report.

#### A summary of the basic government-wide financial statements is as follows:

#### Summary of Statement of Net Assets

	2012	2011
ASSETS:		
Current Assets-		
Cash & Cash Equivalents	\$10,947,432	\$ 9,175,588
Receivables Non-current Assets-	902,148	844,954
Capital Assets (net)	591,316	586,581
Total Assets	\$ <u>12,440,896</u>	\$ <u>10,607,123</u>
LIABILITIES:		
Current Liabilities-		
Accounts Payable	\$ 701,464	\$ 594,093
Accrued Expenses Non-current Liabilities-	152,795	201,318
OPEB Payable	712,966	474,629
Total Liabilities	\$ <u>1,567,225</u>	\$_1,270,040
NET ASSETS:		
Invested in Capital Assets	\$ 591,316	\$ 586,581
Unrestricted Net Assets	10,282,355	8,750,502
Total Net Assets	\$ <u>10,873,671</u>	\$ <u>9,337,083</u>

The Sheriff's ability to pay obligations as they become due.

#### Summary of Statement of Activities

Comparative data for government-wide information is presented to assist analysis. The following table provides a summary of the Sheriff's changes in net assets:

REVENUES:	<u>2012</u>	<u>2011</u>
Charges for Services/Fines Operating and Capital Grants Ad Valorem Taxes Miscellaneous	\$12,650,988 269,811 4,481,355 <u>24,834</u>	\$11,676,479 373,524 3,918,415 45,839
Total Revenues	\$ <u>17,426,988</u>	\$ <u>16,014,257</u>
EXPENSES:		
Public Safety	\$ <u>15,890,400</u>	\$ <u>14,441,975</u>
Changes in Net Assets	\$ <u>1,536,588</u>	\$ <u>1,572,282</u>

The change in net assets for 2012 is \$1,536,588, which is a decrease of \$35,694 from the previous year.

#### GOVERNMENTAL FUNCTIONAL EXPENSES

The functions of the Sheriff are public safety and law enforcement activities and parish-wide tax collections.

#### GENERAL BUDGETARY HIGHLIGHTS

For the year ended June 30, 2012, both revenues and expenditures were within the 5% variance allowed.

#### ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

In the fiscal year 2012-13 budget, there will be increases in expenditures due to the salaries paid for the new personnel required to provide public safety to the Town of Jonesboro and increases in revenues for ad valorem taxes. The Sheriff continues to experience economic growth.

#### CONTACTING THE SHERIFF'S OFFICE

This financial report is designed to provide a general overview of the Sheriff's finances, compliance with governmental financial reporting laws and regulations and demonstrate the Sheriff's commitment to public accountability. If you have additional questions about this report or would like to request additional information, contact Andy Brown, Sheriff, 500 East Court Street, Jonesboro, LA 71251.

#### INDEPENDENT AUDITOR'S REPORT

Andy Brown, Sheriff of Jackson Parish 500 East Court Street Jonesboro, LA 71251

We have audited the accompanying financial statements of the governmental activities, the major fund, fiduciary funds, and the aggregate remaining fund information of the Jackson Parish Sheriff as of and for the year ended June 30, 2012, which collectively comprise the Sheriff's basic financial statements as listed in the Table of Contents. These financial statements are the responsibility of the Jackson Parish Sheriff's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the major fund, fiduciary funds, and the aggregate remaining fund information of the Jackson Parish Sheriff, as of June 30, 2012, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated September 5, 2012, on our consideration of the Jackson Parish Sheriff's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control

over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 1 through 5 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the management's discussion and analysis in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. However, the introductory section has not been subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Jackson Parish Sheriff's financial statements as a whole. The budgetary comparison listed as other required supplemental information in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. The budgetary comparison statement is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

# Jackson Parish Sheriff Jonesboro, Louisiana Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balance of the Governmental Funds to the Statement of Activities For the Year Ended June 30, 2012

Net Change in Fund Balance - Governmental Funds

\$1,770,190

Amounts reported for Governmental Activities in the Statement of Activities are different because:

Governmental Funds report Capital Outlays as expenditures. However, in the Statement of Activities, the cost of these assets is allocated over their estimated useful lives as depreciation expense. The cost of capital assets recorded in the current period is

194,880

Depreciation expense on capital assets is reported in the Government-wide financial statements, but they do not require the use of current financial resources and are not reported in the Fund Financial Statements. Current year depreciation expense is

(186,118)

Governmental Funds report the entire amount received from sales of assets as revenues, but the undepreciated cost of the asset reduces the gain from the sale in the Statement of Activities

(4,027)

Increases in Long-Term Debt are reflected as an increase in expenses on the Statement of Activities, but are not reported in the Governmental Funds

Other Post Employment Benefits

(238,337)

Change in Net Assets of Governmental Activities

\$1,536,588

#### NOTES TO FINANCIAL STATEMENTS

#### 1. Introduction:

As provided by Article V, Section 27 of the Louisiana Constitution of 1974, the Sheriff serves a four-year term as the chief executive officer of the law enforcement district and ex-officio tax collector of the parish. The Sheriff administers the parish jail system and exercises duties required by the parish court system, such as providing bailiffs, executing orders of the court, and serving subpoenas. As the ex-officio tax collector of the parish, the Sheriff is responsible for the collection and distribution of ad valorem property taxes and state revenue sharing funds.

As the chief law enforcement officer of the parish, the Sheriff has the responsibility of enforcing state and local laws and ordinances within the territorial boundaries of the parish. The Sheriff provides protection to the residents of the parish through on-site patrols and investigations and serves the residents of the parish through the establishment of neighborhood watch programs, anti-drug abuse programs, and other community-involvement programs. In addition, the Sheriff, when requested, provides assistance to other law enforcement agencies within the parish.

In accordance with certain laws the Sheriff accounts for the collection and disbursement of bonds, fines and costs and forfeitures imposed by the district court.

#### 2. Summary of Significant Accounting Policies:

#### A. Reporting Entity-

For financial reporting purposes, the Sheriff includes all funds and activities that are controlled by the Sheriff as an independently elected parish official. As an independently elected parish official, the Sheriff is solely responsible for the operations of his office, which include the hiring and retention of employees, authority over budgeting, responsibility for deficits, and the receipt and disbursement of funds. Other than certain operating expenditures of the Sheriff's office that are paid or provided by the parish police jury as required by Louisiana law, the Sheriff is financially independent.

Accordingly, the Sheriff is a separate governmental reporting entity. Certain units of local government, over which the Sheriff exercises no oversight responsibility, such as the parish police jury, parish school board, other independently elected parish officials, and municipalities within the parish, are excluded from the accompanying financial statements. These units of government are considered separate reporting entities and issue financial statements separate from those of the Sheriff.

#### B. Basis of Presentation-

Government-Wide Financial Statements-

The Statement of Net Assets and Statement of Activities report information about the reporting government as a whole. They include all funds of the reporting entity. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues.

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the Sheriff's governmental activities. Direct expenses are those that are specifically associated with a program or function. Program revenues include (a) fees and charges paid by the recipient for goods or services offered by the program, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

#### Fund Financial Statements-

The Sheriff's Office uses funds to maintain its financial records during the year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain Sheriff functions and activities. A fund is defined as a separate fiscal and accounting entity with a self-balancing set of accounts. The various funds of the Sheriff are classified into two categories: governmental and fiduciary. The emphasis on fund financial statements is on major funds, each displayed in a separate column. A fund is considered major if it is the primary operating fund of the Sheriff or its total assets, liabilities, revenues, or expenditures of the individual governmental fund is at least 10 percent of the corresponding total for all governmental funds. The funds of the Sheriff are described as follows:

#### Governmental Funds-

#### General Fund

The General Fund, as provided by Louisiana Revised Statute 33:1422 is the principal fund and is used to account for the operations of the Sheriff's office. The Sheriff's primary source of revenue is from revenues from the State of Louisiana for prisoner maintenance. Other sources of revenue include commissions on state revenue sharing, state supplemental pay for deputies, civil and criminal fees, fees for court attendance and maintenance of prisoners, and various other reimbursements, fees, grants, and commissions. General operating expenditures are paid from this fund.

#### Special Revenue Fund - Jury Service Fund

The special revenue fund is used to account for the proceeds of specific revenue sources. Those revenues are legally restricted to expenditures for specified purposes. Per criteria for Fund Financial Statements above, this fund is presented as a nonmajor fund in the governmental fund financial statements.

#### Fiduciary Funds-

#### Fiduciary Fund Financial Statements

Fiduciary Fund Financial Statements present a Statement of Net Assets. The only funds accounted for in this category by the Sheriff are agency funds. The agency funds account for assets held by the Sheriff as an agent for various taxing bodies (tax collections) and for deposits held pending court action. These funds, which are custodial in nature (assets equal liabilities); do not involve measurement of results of operations. Consequently, the agency funds have no measurement focus, but use the modified accrual basis of accounting.

#### C. Measurement Focus/Basis of Accounting-

Basis of accounting refers to when revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

#### Accrual Basis - Government-Wide Financial Statements

The Statement of Net Assets and the Statement of Activities display information about the Sheriff as a whole. Both of these statements have been prepared using the economic measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

#### Modified Accrual Basis - Fund Financial Statements

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. Governmental fund types use the flow of current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., when they are both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The Sheriff considers all revenues

"available" if they are collected within 60 days after year-end. Expenditures are generally recorded under the modified accrual basis of accounting when the related liability is incurred. The exceptions to this general rule are that (1) unmatured principal and interest on long-term debt, if any, are recorded when due and (2) claims and judgments and compensated absences are recorded as expenditures when paid with expendable available financial resources.

#### D. Assets, Liabilities, and Equity-

Cash and Interest-Bearing Deposits

For purposes of the Statement of Net Assets, cash and interest-bearing deposits include all demand accounts, savings accounts, and certificates of deposit of the Sheriff.

#### Capital Assets

Capital assets, which include property, plant, and equipment, are reported in the governmental activities column in the government-wide financial statements. Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The Sheriff maintains a threshold level of \$1,000 or more for capitalizing capital assets.

The costs of normal maintenance and repairs that do not add to the value of that asset or materially extend the life of that asset are not capitalized.

Depreciation of all exhaustible capital assets is recorded as an expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Assets. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation.

The range of useful lives by type of asset is as follows:

Furniture, computers 5 years
Vehicles 5 years
Radios 10 years
Buildings 25-40 years

#### **Equity Classifications**

In the government-wide statements, equity is classified as net assets and displayed in three components:

- a. Invested in capital assets, net of related debt---Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net assets---Consists of net assets with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provision or enabling legislation.
- c. Unrestricted net assets---All other net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt".

In the fund statements, governmental fund equity is classified as fund balance and displayed in five components. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- a. Nonspendable fund balance---amounts that are not in a spendable form (such as prepaid expenses) or are required to be maintained intact;
- b. Restricted fund balance---amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation;
- c. Committed fund balance---amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level action to remove or change the constraint;
- d. Assigned fund balance---amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority;
- e. Unassigned fund balance---amounts that are available for any purpose. Only the General Fund would report positive amounts in unassigned fund balance.

The General Fund has an unassigned fund balance of \$10,987,733. If applicable, the Sheriff would typically use restricted fund balances first, followed by committed resources and assigned resources as appropriate opportunities arise, but reserves the right to selectively spend unassigned resources first and to defer the use of these other classified funds.

#### E. Budget-

Prior to the beginning of each fiscal year, the Sheriff adopts a budget for the next fiscal year. The budget is open for public inspection. All budgetary appropriations lapse at the end of the fiscal year. The budget is prepared on the modified accrual basis of accounting.

#### F. Estimates-

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures and expenses during the reporting period. Actual results could differ from those estimates.

#### G. Compensated Absences-

Employees are not allowed to carry leave forward from year to year, therefore, no entry is made for compensated absences.

#### 3. Levied Taxes:

The Sheriff levied the following ad valorem taxes for 2011.

Constitutional	11.07	indefinite	
Law Enforcement District	8.11	expires 2015	

The taxes are normally collected in December of the current year and January and February of the ensuing year. Property taxes are recorded as receivables and revenues in the year assessed. The property tax calendar is as follows:

January 1
June 30
ctober 15
ember 31

Penalties & interest added
Tax Sale

January 31 of ensuing year
May 15 of ensuing year

Total assessed value was \$254,041,840 in 2011. Louisiana state law exempts the first \$75,000 of assessed value of a taxpayer's primary residence from parish property tax. This homestead exemption was a total of \$19,432,690 in 2011 of the assessed value. The following are the principal taxpayers for the parish:

Taxpayer	Assessed Valuation	Percentage of Total Assessed <u>Value</u>
Exco Operating Co.	\$81,990,720	32.27%
ETC Tiger Pipeline	\$22,758,330	8.96%
Regency Intrastate Pipeline	\$21,450,300	8.44%
Centerpoint Energy Gas	\$16,451,580	6.48%
Smurfit Stone Corporation	\$16,292,710	6.41%

#### 4. Cash, Cash Equivalents and Investments:

Cash and investments are held separately by each of the Sheriff's funds. At June 30, 2012, cash and investments totaled \$12,004,779 (book balances), including \$435 cash on hand. Bank account and investment balances at June 30, 2012, totaled \$12,902,491. Of this amount, \$363,547 was insured by FDIC and \$12,538,944 was secured by pledged securities. Even though the pledged securities are considered uncollateralized (Category 3) under the provisions of GASB Statement No. 3, LA R.S. 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the Sheriff that the fiscal agent has failed to pay deposited funds upon demand.

#### 5. Capital Assets:

Capital asset balances and activity for the year ended June 30, 2012, are as follows:

Governmental <u>Activities</u>	Balance 07-01-11	Additions	Deletions	Balance 06-30-12
Capital Assets:				
Office Furniture, Fixtures				
and Equipment	\$ 243,534	\$ 13,875	\$ 0	\$ 257,409
Radios	190,341	2,500	0	192,841
Vehicles	836,767	178,505	(66,982)	948,290
Buildings	41,204	0	0	41,204
Total Assets	\$1,311,846	\$194,880	\$(66,982)	\$ <u>1,439,744</u>

Governmental Activities	Balance <u>07-01-11</u>	Additions	Deletions	Balance 06-30-12
Less, Accumulated				
Depreciation:				
Office Furniture, Fixtures				
and Equipment	\$ 147,024	\$ 27,382	\$ 0	\$ 174,406
Radios	124,196	7,919	0	132,115
Vehicles	443,331	149,508	(62,955)	529,884
Buildings	10,714	1,309		12,023
Total Depreciation	\$_725,265	\$ <u>186,118</u>	\$ <u>(62,955)</u>	\$ 848,428
Net Capital Assets	\$ <u>586,581</u>	\$ <u>8,762</u>	\$ <u>(4,027)</u>	\$ <u>591,316</u>

Depreciation expense of \$186,118 for the year ended June 30, 2012, was charged to the Public Safety function.

#### 6. Receivables:

The following is a summary of receivables at June 30, 2012:

#### Class of Receivable - General Fund

Correctional Center Reimbursement	\$160,953
Intergovernmental	3,876
Fees, Charges and Commissions-	
Correctional Center	26,668
Civil and Criminal Fees	793
Feeding and Keeping Prisoners	698,912
Other Fees, Fines, and Commissions	_10,946
Total	\$902,148

#### 7. Pension Plan:

Plan Description. Substantially all employees of the Jackson Parish Sheriff's office are members of the Louisiana Sheriff's Pension and Relief Fund (System), a multiple-employer defined benefit pension plan (cost-sharing), public employee retirement system (PERS), controlled and administered by a separate board of trustees.

All sheriffs and deputies who are 18 years or older at the time of original employment, who earn not less than \$400 per month if employed after September 7, 1979, and before January 1, 1991; \$550 if employed between January 1, 1991, and December 31, 1999; and \$800 if employed after

January 1, 2000, are required to participate in the System. Employees are eligible to retire at or after age 55 with at least 12 years of credited service and receive a benefit, payable monthly for life, equal to 3.33 percent of their final-average salary for each year of credited service. The retirement benefit cannot exceed 100 percent of their final-average salary. Final-average salary is the employee's average salary over the 36 consecutive or joined months that produce the highest average. Employees who terminate with at least 12 years of service and who do not withdraw their employee contributions may retire at or after age 55 and receive the benefit accrued to their date of termination as indicated previously. Employees who terminate with at least 20 years of credited service are also eligible to elect early benefits between ages 50 and 55 with reduced benefits equal to the actuarial equivalent of the benefit to which they would otherwise be entitled at 55. The System also provides death and disability benefits. Benefits are established by state statute.

The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Louisiana Sheriffs Pension and Relief Fund, 6554 Florida Blvd., Suite 215, Baton Rouge, LA 70806 or by calling (800) 586-9049.

Funding Policy. Plan members are required by state statute to contribute 10 percent of their annual covered salary and the Jackson Parish Sheriff is required to contribute at an actuarially determined rate. The current rate is 12.5 percent of annual covered payroll. The Jackson Parish Sheriff pays the plan members required contribution for any employees with at least two years of service. Contributions to the System also include one-half of one percent of the taxes shown to be collectible by the tax rolls of each parish and funds as required and available from insurance premium taxes. The contribution requirements of plan members and the Jackson Parish Sheriff are established and may be amended by state statute. As provided by Louisiana Revised Statute 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The Jackson Parish Sheriff's contributions to the System for the years ending June 30, 2012, 2011, and 2010, were \$922,182, \$791,811, and \$623,267, respectively, equal to the required contributions for each year.

#### 8. Postemployment Benefits Other Than Pensions:

Plan Description. The Jackson Parish Sheriff's medical and life insurance benefits are provided to employees upon actual retirement.

The Jackson Parish Sheriff pays 100% of the medical coverage for the retiree only (not dependents). The Sheriff also pays for life insurance coverage after retirement. Employees are covered by a retirement system whose retirement eligibility (D.R.O.P. entry) age is 55 with at least 15 years of service.

Life insurance coverage is continued to retirees by election and the blended rate for active employees and retirees is \$0.348 per \$1,000 of insurance. The Sheriff pays for life insurance of \$10,000 after retirement for retirees but it is based on the blended active/retired rate and there is thus an implied subsidy. Since GASB 45 requires the use of "unblended" rates, the Sheriff used the 94GAR mortality table described above to "unblend" the rates so as to reproduce the composite blended rate overall as the rate structure to calculate the actuarial valuation results for life insurance. Insurance coverage amounts are reduced to 50% of the original amount at age 70. All of the assumptions used for the valuation of the medical benefits have been used except for the trend assumption; zero trend was used for life insurance.

Contribution Rates. Employees do not contribute to their post employment benefits costs until they become retirees and begin receiving those benefits. The plan provisions and contribution rates are contained in the official plan documents.

Funding Policy. Until Fiscal Year Ending June 30, 2009, the Jackson Parish Sheriff recognized the cost of providing post-employment medical and life benefits (the Jackson Parish Sheriff's portion of the retiree medical and life insurance benefit premiums) as an expense when the benefit premiums were due and thus financed the cost of the post-employment benefits on a pay-as-you-go basis. In 2011 and 2012, the Jackson Parish Sheriff's portion of health care and life insurance funding cost for retired employees totaled \$43,102, and \$36,558, respectively.

Effective with the Fiscal Year beginning July 1, 2009, the Jackson Parish Sheriff implemented Government Accounting Standards Board Statement Number 45, Accounting and Financial Reporting by Employers for Post employment Benefits Other than Pensions (GASB 45). The funding policy is not to fund the ARC except to the extent of the current year's retiree funding costs. This amount was applied toward the Net OPEB Benefit Obligation as shown in the following table.

Annual Required Contribution. Jackson Parish Sheriff's Office's Annual Required Contribution (ARC) is an amount actuarially determined in accordance with GASB 45. The Annual Required Contribution (ARC) is the sum of the Normal Cost plus the contribution to amortize the Unfunded Actuarial Accrued Liability (UAAL). A level dollar, open amortization period of 30 years (the maximum amortization period allowed by GASB 43/45) has been used for the post-employment benefits. The actuarially computed ARC is as follows:

	<u>2012</u>	<u>2011</u>
Normal Cost	\$193,870	\$186,413
30-year UAL amortization amount	96,032	92,339
Annual required contribution (ARC)	\$ <u>289,902</u>	\$ <u>278,752</u>

Net Post-employment Benefit Obligation (Asset). The table below shows the Jackson Parish Sheriff's Net Other Post-employment Benefit (OPEB) Obligation for fiscal years ending June 30:

	2012	2011
Beginning Net OPEB Obligation	\$474,629	\$236,655
Annual required contribution	289,902	278,752
Interest on Net OPEB Obligation	18,985	9,466
ARC Adjustment	(27,448)	(13,686)
OPEB Cost	\$281,439	\$274,532
Contribution	0	0
Current year retiree premium	(43,102)	(36,558)
Change in Net OPEB Obligation	\$238,337	\$237,974
Ending Net OPEB Obligation	\$ <u>712,966</u>	\$ <u>474,629</u>

The following table shows the Jackson Parish Sheriff's annual post employment benefits (PEB) cost, percentage of the cost contributed, and the net unfunded post employment benefits (PEB) liability for last year and this year:

Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual Cost Contributed	Net OPEB Obligation (Asset)
June 30, 2010	\$268,031	11.71%	\$236,655
June 30, 2011	\$274,532	13.32%	\$474,629
June 30, 2012	\$281,439	15.31%	\$712,966

Funded Status and Funding Progress. In the fiscal year ending June 30, 2012 and 2011, the Jackson Parish Sheriff made no contributions to its post employment benefits plan. The plan is not funded, has no assets, and hence has a funded ratio of zero. Based on the July 1, 2009 actuarial valuation, the most recent valuation, the Actuarial Accrued Liability (AAL) at the end of the year June 30, 2012 was \$1,727,029, which is defined as that portion, as determined by a particular actuarial cost method (the Jackson Parish Sheriff uses the Projected Unit Credit Cost Method), of the actuarial present value of post employment plan benefits and expenses which is not provided by normal cost.

	<u>2012</u>	2011
Actuarial Accrued Liability (AAL)	\$1,727,029	\$1,660,605
Actuarial Value of Plan Assets (AVP)	0	0
Unfunded Act. Accrued Liability (UAAL)	1,727,029	1,660,605
Funded Ratio (AVP/AAL)	0%	0%
Covered Payroll (active plan members) UAAL as a percentage of covered payroll	\$4,730,164 36.51%	\$4,556,226 36.45%

Actuarial Methods and Assumptions. Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. The actuarial valuation for post employment benefits includes estimates and assumptions regarding (1) turnover rate; (2) retirement rate; (3) health care cost trend rate; (4) mortality rate; (5) discount rate (investment return assumption); and (6) the period to which the costs apply (past, current, or future years of service by employees). Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future.

The actuarial calculations are based on the types of benefits provided under the terms of the substantive plan (the plan as understood by the Jackson Parish Sheriff and its employee plan members) at the time of the valuation and on the pattern of sharing costs between the Jackson Parish Sheriff and its plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the Jackson Parish Sheriff and plan members in the future. Consistent with the long-term perspective of actuarial calculations, the actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial liabilities and the actuarial value of assets.

Actuarial Cost Method. The ARC is determined using the Projected Unit Credit Cost Method. The employer portion of the cost for retiree medical care in each future year is determined by projecting the current cost levels using the healthcare cost trend rate and discounting this projected amount to the valuation date using the other described pertinent actuarial assumptions, including the investment return assumption (discount rate), mortality, and turnover.

Actuarial Value of Plan Assets. There are not any plan assets. It is anticipated that in future valuations, should funding take place, a smoothed market value consistent with Actuarial Standards Board Actuarial Standards of Practice Number 6 (ASOP 6), as provided in paragraph number 125 of GASB Statement 45.

Turnover Rate. An age-related turnover scale based on actual experience has been used. The rates, when applied to the active employee census, produce a composite average annual turnover of approximately 10%.

Post employment Benefit Plan Eligibility Requirements. The Jackson Parish Sheriff has assumed that actual retirement (and commencement of OPEB benefits) occurs at thirty years of service or, if earlier, three years after the earliest retirement (D.R.O.P. entry) eligibility. Medical benefits are provided to employees upon actual retirement. Employees are covered by a retirement system whose retirement eligibility (D.R.O.P. entry) age is 55 with at least 15 years of service. Entitlement to benefits continues through Medicare to death.

Investment Return Assumption (Discount Rate). GASB Statement 45 states that the investment return assumption should be the estimated long-term investment yield on the investments that are expected to be used to finance the payment of benefits (that is, for a plan which is funded). Based on the assumption that the ARC will not be funded, a 4% annual investment return has been used in this valuation.

Health Care Cost Trend Rate. The expected rate of increase in medical cost is based on projections performed by the Office of the Actuary at the Centers for Medicare & Medicaid Services as published in National Health Care Expenditures Projections: 2003 to 2013, Table 3: National Health Expenditures, Aggregate and per Capita Amounts, Percent Distribution and Average Annual Percent Change by Source of Funds: Selected Calendar Years 1990-2013, released in January, 2004 by the Health Care Financing Administration (www.cms.hhs.gov). "State and Local" rates for 2008 through 2013 from this report were used, with rates beyond 2013 graduated down to an ultimate annual rate of 5.0% for 2016 and later.

Mortality Rate. The 1994 Group Annuity Reserving (94GAR) table, projected to 2002, based on a fixed blend of 50% of the unloaded male mortality rate and 50% of the unloaded female mortality rates, was used. This is the published mortality table which was designed to be used in determining the value of accrued benefits in defined benefit pension plans.

Method of Determining Value of Benefits. The "value of benefits" has been assumed to be the portion of the premium after retirement date expected to be paid by the employer for each retiree and has been used as the basis for calculating the actuarial present value of OPEB benefits to be paid. The medical rates provided are "blended" rates for active and retired before Medicare eligibility, so the Jackson Parish Sheriff has estimated the "unblended" rates for retirees before Medicare as 130% of the blended rate, as required by GASB 45 for valuation purposes.

#### Inflation Rate:

Included in both the Investment Return Assumption and the Healthcare Cost Trent rates above is an implicit inflation assumption of 2.50% annually.

#### Projected Salary Increases:

This assumption is not applicable since neither the benefit structure nor the valuation methodology involves salary.

#### Post-retirement Benefit Increases:

The plan benefit provisions in effect for retirees as of the valuation date have been used and it has been assumed for valuation purposes that there will not be any changes in the future.

Below is a summary of OPEB cost and contributions for the last three fiscal years:

ODER	~	100	~	15000
OPER	Costs	and	Contr	ibutions
OLLD	Costs	and	Conti	LUULIUIIS

	<u>2010</u>	<u>2011</u>	<u>2012</u>
OPEB Cost	\$ <u>268,031</u>	\$274,532	\$281,439
Contribution Retiree Contribution	\$ 0 31,376	\$ 0 36,558	\$ 0 _43,102
Total Contribution & Premium	\$ 31,376	\$ 36,558	\$_43,102
Change in net OPEB Obligation	\$ <u>236,655</u>	\$ <u>237,974</u>	\$ <u>238,337</u>
% of Contribution to Cost % of Contribution Plus Premium to Cost	0% 11.71%	0% 13.32%	0% 15.31%

#### 9. Changes in Agency Balances:

A summary of changes in agency balances due to taxing bodies and others follows:

Governmental <u>Activities</u>	Balance <u>07-01-11</u>	Additions	Deletions	Balance 06-30-12
Sheriff's Civil Fund Sheriff's Criminal Fund Tax Collector's Fund	\$ 7,735 115,162 _879,473	\$ 158,906 324,137 22,010,704	\$ 154,741 347,874 21,936,155	\$ 11,900 91,425 954,022
Total	\$ <u>1,002,370</u>	\$ <u>22,493,747</u>	\$ <u>22,438,770</u>	\$ <u>1,057,347</u>

#### 10. Leases:

On September 12, 1985, the Jackson Parish Sheriff entered into a 99-year property lease of three acres of land to be used as a firearms and training complex. Total consideration on this lease is \$10 for the entire lease period.

The Jackson Parish Sheriff entered into two property lease agreements as of June 30, 2012. The first lease at Lots 4, 5, and 6 of Block 38, Town of Jonesboro, LA for the patrol and K-9 offices. The primary term of this lease is for a period of five years beginning February 1, 2011 and ending on February 28, 2016 for a monthly lease amount of \$975. There is an option to renew for an additional five years at an increased monthly rate of \$1,250. The second lease was for use as an animal control shelter. The terms of this lease are for a period of four years beginning June 1, 2011 and ending on June 1, 2015 for a monthly lease amount of \$900.

#### 11. Taxes Paid under Protest:

The unsettled balances due to taxing bodies and others in the agency fund at June 30, 2012, include \$952,627 of taxes paid under protest. These funds are held pending resolution of the protest and are accounted for in the Tax Collector Agency Fund.

#### 12. State Revenue Sharing Funds:

The revenue sharing funds were distributed as follows:

Jackson Parish:	
Police Jury	\$ 76,630
School Board	92,584
Assessor	33,521
Ambulance Service District	4,763
Sheriff	112,327
Pension Funds	9,954
Total	\$329,779

#### 13. Expenditures of the Sheriff's Office Paid by the Parish Police Jury:

The Sheriff's office is located in the parish courthouse. Expenditures for maintenance and operation of the parish courthouse, as required by state statute, are paid by the Jackson Parish Police Jury.

#### 14. On-Behalf Payments:

Certain employees of the Jackson Parish Sheriff receive supplemental pay from the State. In accordance with GASB Statement No. 24, the Sheriff has recorded revenues and expenditures for these payments in the General Fund. Revenues and expenditures under this arrangement totaled \$185,789.

#### 15. Related Parties:

There were no identified related party transactions.

#### 16. Ex-officio Tax Collector:

The amount of cash on hand at year-end was \$954,022. The amount of taxes collected by taxing authority was:

Jackson Parish Police Jury	\$	2,922,174
Jackson Parish School Board		5,650,747
Jackson Parish Sheriff		4,495,776
Jackson Parish Hospital		2,254,749
Jackson Parish Assessor		1,319,666
Jackson Parish Ambulance Service District		1,071,006
Jackson Parish Recreation District		1,043,950
Jackson Parish Council on Aging		543,395
LA Forestry Commission		25,145
LA Tax Commission		6,116
Jackson Parish Fire Districts		1,719,992
Pension Funds	_	601,796
Total	\$	21,654,512

#### SUPPLEMENTAL INFORMATION SCHEDULES

Jackson Parish Sheriff
Jonesboro, Louisiana
Supplemental Information Schedules
as of and for the Year Ended June 30, 2012

#### FIDUCIARY FUNDS - AGENCY FUNDS

#### SHERIFF'S FUNDS

The Sheriff's Civil Fund accounts for funds held in civil suits, sheriff's sales, and garnishments and the disbursement of these collections to the proper recipients in accordance with applicable laws.

The Sheriff's Criminal Fund accounts for collection of bonds, fines and costs and the disbursement of these collections to the proper recipients in accordance with applicable laws.

#### TAX COLLECTOR FUND

Article V, Section 27 of the Louisiana Constitution of 1974, provides that the Sheriff serve as the collector of state and parish taxes and fees. The Tax Collector Fund is used to account for the collection of these taxes and fees and the resulting distribution to the appropriate taxing bodies.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Andy Brown, Sheriff of Jackson Parish 500 East Court Street Jonesboro, LA 71251

We have audited the financial statements of the governmental activities, the major fund, fiduciary funds and the aggregate remaining fund information of the Jackson Parish Sheriff as of and for the year ended June 30, 2012, which collectively comprise the Jackson Parish Sheriff's basic financial statements and have issued our report thereon dated September 5, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

#### Internal Control over Financial Reporting

Management of the Jackson Parish Sheriff's office is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the Jackson Parish Sheriff's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Jackson Parish Sheriff's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Jackson Parish Sheriff's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal controls such that there is a reasonable possibility that a material misstatement of the Jackson Parish Sheriff's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Jackson Parish Sheriff's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information of the Louisiana Legislative Auditor, and management of the Jackson Parish Sheriff and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.
